### TO WHOM MAY IT CONCERN

It is certified that I have personally inspected School Building of "Stepping Stones School building at Sector:37-D, Chandigarh". The Structure is Constructed with Basement plus four stories. Various Tests such as *Rebound Hammer and Ultrasonic Pulse velocity* were carried out for this building and the results were found to be Satisfactory.

On physical inspection it has been observed that Building has been designed as a frame structure (as per old codal provisions). This building is safe and stable for running a school building. The future life of the school is approximately 30 years with proper maintenance. This certificate is valid for a period of one years.

For Continental Foundations
